

Hello Naturalist Expedition Campers!

We are looking forward with great excitement to have you come to Tremont for Naturalist Expeditions Camp! We have an amazing adventure planned for you!

In addition to exploring the Tremont area, we are going on an expedition to Big Creek on the North Carolina side of the park. There we will be staying at the group campground for several nights. We will provide tents, sleeping pads, and great food – all you need is your personal gear and sleeping bag. While there we will go on an all day hike to an awe-inspiring fire tower, explore the river, splash around in world-famous swimming holes and relax by waterfalls. It will be an AWESOME trip and a wonderful opportunity to see a lesser known area of the Smokies.

Once we're back at Tremont, and after we relax for a bit, we are going to gear up for an overnight backpacking experience. (We'll be staying at campsite #18, which is about 2.5 hiking miles from Tremont). This way campers can learn about backpacking etiquette and spend the night at one of the Smokies' most gorgeous campsites.

Our staff is so excited about this trip. We have some amazing things in store for you! After this camp, you will have seen some areas of the National Park where people rarely go. If you have any questions, please feel free to contact us. See you soon!
